

# The Immunization Action Coalition

## IAC Mission Statement

The Immunization Action Coalition (IAC) works to increase immunization rates and prevent disease by creating and distributing educational materials for health professionals and the public that enhance the delivery of safe and effective immunization services. The Coalition also facilitates communication about the safety, efficacy, and use of vaccines within the broad immunization community of patients, parents, health care organizations, and government health agencies.

## What We Do - Support Local Coalitions

The California Immunization Coalition is committed to supporting and strengthening partnerships with local coalitions. Listed below are contacts to our coalition partners in California:

### **Alameda County**

#### **Immunization Partnership of Alameda County (IPAC)**
